JAN EVANGELISTA PURKYNĚ UNIVERSITY IN USTÍ NAD LABEM

ABOUT US

Jan Evangelista Purkyně University (UJEP) is located in the north-western part of the Czech Republic. It is named after a famous biologist and consists of 8 faculties. Modern state university established in 1991, which currently hosts about 8,000 students and 950 employees. The quality of education at UJEP is guaranteed by the institutional accreditation.

JAN EVANGELISTA PURKYNĚ UNIVERSITY IN USTÍ NAD LABEM

STUDY AT UJEP

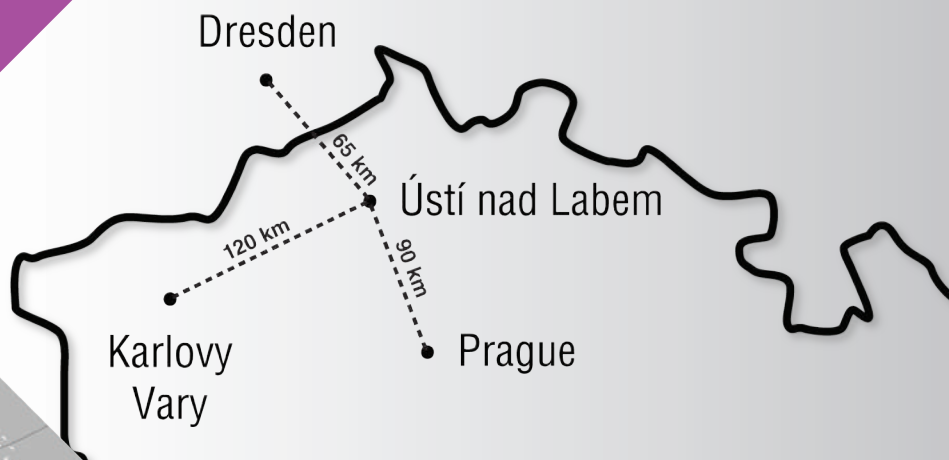

UJEP offers courses in English and Czech languages. Studying in Czech is free of charge for everyone, payments are required for all English courses. If you are not a native Czech/Slovak speaker, for Czech courses you need the language proficiency certificate of B1 level as minimum. Our university offers a course that leads to obtaining this certificate. Studying at our university also allows you to travel freely inside the European Union.

STUDY FOR FREE IN THE CZECH REPUBLIC

It is true! You can study completely free of charge at UJEP. However, you have to study one of the programmes taught in the Czech language. To be accepted, you need a language proficiency B1 in Czech language as minimum. It can be reached after successful graduation. It can be done from the 1-year long course.

JAN EVANGELISTA PURKYNĚ UNIVERSITY IN USTÍ NAD LABEM

Short list of our faculties:

Faculty of Mechanical Engineering (FME)

Faculty of Environment (FE)

Faculty of Art and Design (FAD)

Faculty of Arts (FA)

Faculty of Health Studies (FHS)

Faculty of Science (FS)

Faculty of Education (FED)

Faculty of Social and Economic Studies (FSES)

See the following pages for more information about each faculty.

LIST OF STUDY PROGRAMMES TAUGHT IN ENGLISH LANGUAGE

Applied Computer Modelling (FS)

Bachelor study programme (Bc.)

Full-time study

Length of study: 3 years

Tuition: 50,000 CZK/year (approximately 2,000 €)

The study programme provides high-quality education in the latest computer modelling methods, the necessary parts of mathematics and physics, and in project implementation, teamwork and sharing and processing and presentation of the obtained results. Students gain the necessary knowledge and skills in mathematics, physics, computer modelling, programming and other more general subjects.

Physics (FS)

Bachelor study programme (Bc.)

Full-time study

Length of study: 3 years

Tuition: 50,000 CZK/year (approximately 2,000 €)

This programme is intended in particular for students interested in a teaching career or focusing their studies on physics in combination with another natural science discipline and profile professionally in the subsequent master study programme. The programme focuses on obtaining general education in physics with potential profiling according to the selection of additional compulsory and other electives with an emphasis on teaching and psychological subjects.

Computer Methods in Science and Technology (FS)

Doctoral study programme (Ph.D.)

Both full-time and part-time study

Length of study: 4 years

Tuition: 50,000 CZK/year (approximately 2,000 €)

The study aims at deepening students' ability to understand, formulate precisely and resolve complex situations using computer methods. Students gain knowledge primarily through mathematical and physical models. However, the application of these methods is also possible in additional, related fields of natural science and technical fields. Graduates seek employment mainly as scientific and research staff.

LIST OF STUDY PROGRAMMES TAUGHT IN ENGLISH LANGUAGE

Photography (FAD)

Master study programme (MgA.)

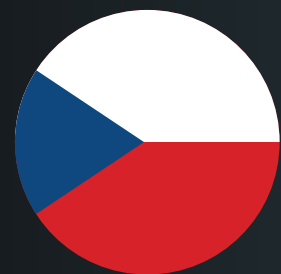

Full-time study

Length of study: 2 years

Tuition: 20,000 CZK/year (approximately 785 €)

Students attending this master degree course of Photography and Time Based Media will undergo systematic and specialized training preparation for a career of an independent photographer, and will also experience the stimulating atmosphere of a students community drawn from different cultural and language backgrounds. The high level of study is assured by the international experience of most academic staff, who are recognized lecturers (holding positions as visiting lecturers, with repeated foreign lecture activity, organisation of workshops, attendance at creative sessions and important exhibition activities).

LIST OF STUDY PROGRAMMES TAUGHT IN CZECH LANGUAGE

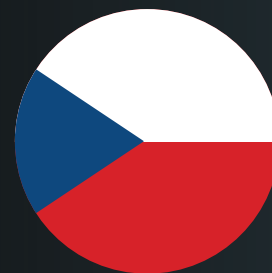

Following list is just a short example of what our university offers. All programmes including doctoral and master studies can be found on our website.

FSES	Economics and management	Both full-time and part-time	3 years	Bachelor (Bc.)
FSES	Social policy and social work	Both full-time and part-time	3 years	Bachelor (Bc.)
FAD	Design	Full-time study	4 years	Bachelor (BcA.)
FAD	Photography and intermedia creation	Full-time study	4 years	Bachelor (BcA.)
FAD	Graphic design	Full-time study	4 years	Bachelor (BcA.)
FME	Production management	Both full-time and part-time	3 years	Bachelor (Bc.)
FME	Materials	Both full-time and part-time	3 years	Bachelor (Bc.)
FHS	Occupational therapy	Both full-time and part-time	3 years	Bachelor (Bc.)
FHS	Nursing	Both full-time and part-time	3 years	Bachelor (Bc.)
FHS	Midwifery	Full-time study	3 years	Bachelor (Bc.)

LIST OF STUDY PROGRAMMES TAUGHT IN CZECH LANGUAGE

Following list is just a short example of what our university offers. All programmes including doctoral and master studies can be found on our website.

FE	Environmental protection	Both full-time and part-time	3 years	Bachelor (Bc.)
FA	Humanities – Aesthetic Studies	Full-time study	3 years	Bachelor (Bc.)
FED	Social pedagogy	Both full-time and part-time	3 years	Bachelor (Bc.)
FED	Special education	Both full-time and part-time	3 years	Bachelor (Bc.)
FED	English language and literature	Full-time study	3 years	Bachelor (Bc.)
FS	Toxicology and pollutants analysis	Full-time study	3 years	Bachelor (Bc.)
FS	Information systems	Both full-time and part-time	3 years	Bachelor (Bc.)

FACULTY OF MECHANICAL ENGINEERING

JAN EVANGELISTA PURKYNĚ UNIVERSITY IN ÚSTÍ NAD LABEM

Faculty of Mechanical Engineering

The Faculty of Mechanical Engineering prepares prospective experts for various fields of industry, such as machinery, technology, energetics and material engineering.

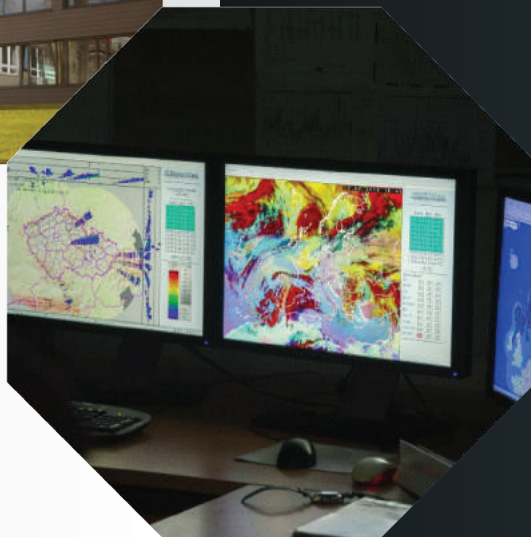

#engineering **#machinery**

#materials **#energetics** **#technology**

FACULTY OF ENVIRONMENT

The Faculty of Environment focuses on ecology and problems connected with human interaction with the nature.

JAN EVANGELISTA PURKYNĚ UNIVERSITY IN ÚSTÍ NAD LABEM

LIFE ON UNIVERSITY

Ústí nad Labem is a city that puts heavy emphasis on students and life around the university. There are many establishments, where students have various discounts or benefits. City itself has everything you need, including shopping centres, huge supermarkets just outside the campus, restaurants, pubs and sport clubs.

Even though Ústí is a capital city of this region, everything is close and takes approximately 15-20-minute walk, if you do not prefer taking public transport.

University dormitory is located a 10-minute walk from the campus. Price for accommodation is approximately 3,000 Czech crowns per month (117€). Life in Ústí nad Labem is quite cheap considering the Czech standards. Students usually need about 6,000 CZK per month, including the rent. Travelling by train to Prague takes about 1 hour, Dresden is even closer, making Ústí a good starting point for trips.

LANGUAGE COURSES

If you choose to study programmes taught in Czech language and you are a foreigner, you need to complete at least B1 level language proficiency certificate in Czech language. Our university cooperates with an institute offering such services.

JAN EVANGELISTA PURKYNĚ UNIVERSITY IN USTÍ NAD LABEM

For more information visit **www.oca-praga.com**

There are different courses with different focuses. However, how or where you get the language certificate, is completely up to you.
