

Determination of the amount of sanction in case of failure to fulfil study abroad obligations

Cases where a student fails to obtain the required number of credits will be dealt with individually, taking into account the number of credits obtained abroad, the student's study activity at foreign university and the student's academic results at UJEP. In case of student being assessed with a financial sanction due to failure to meet the required number of credits, the amount of sanction will be determined by the following calculation:

the amount of scholarship for the entire duration of the stay abroad
/ (divided by)
the number of credits required
x (times)
the number of missing credits from the required number
= (equals)
the amount of sanction
